To whom it may concern,

Please accept this letter as a personnel and professional recommendation of Andy Hueppi for the position of Massage Therapist.

I have known Andy since 2011 and have had the chance to work with him twice during that time (4 weeks in each instance) with Team Canada at The Ice Hockey World Championships. During those tournaments I found him to be an invaluable member of our hockey operations staff.

Mr. Hueppi's skills, knowledge and experience as a Massage Therapist are second to none in his field. The athletes would regularly comment to myself and the Team Canada Physician that Andy was the best massage therapist that they had worked with.

As someone who has worked in professional hockey for 25 years I feel that Andy has the intangibles that are valuable in team sports. He's dedicated, professional and respectful to everyone. He understands the value of teamwork and how to motivate those around him. While working with Andy I found him to be an integral part of our medical/rehab staff in returning the players to the ice and keeping them healthy.

Andy Hueppi has the qualities, character and dedication to make any organization better. He would be an ideal fit for your team.

Please contact me with any further questions.

Respectfully,
